VISION 2020 CAMPAIGN:

Construction Begins
Phase 2 Launched
Honour Roll of Donors 2011

FROM THE PRINCIPAL OF CAMPION COLLEGE

Since our last publication, so much has been accomplished at Campion through a wonderful demonstration of caring, commitment and a spirit of collaboration. Bold leadership from our Vision 2020 Campaign Chairman, Andrew Mahfood, aggressive fundraising by our Home School Association, generous responses from alumni and other benefactors, as well as creative partnerships with business interests forged by our tireless Development Office have allowed us to significantly upgrade areas of our campus in dire need of repair.

Students and staff are still marvelling at the dramatic improvements in the canteen and tennis courts, the new student seating area and multi-purpose court, as well as the quantum transformation of three of our four 50-year-old junior labs: the DB&G Integrated Science Lab, the Avinash Potluri Biology Lab and the Hendrickson Family Physics Lab & Lecture Room. As the “holder of the purse,” and therefore perhaps the person most acutely aware of how impossible all of this would have been without your financial support, I pause to personally thank each donor for his/her contribution to this tremendous movement in Mission Advancement at Campion College.

In the year ahead, our focus turns to the task of creating an information commons or “Laboratory of Ideas”—a space which will welcome, nourish and inspire our 21st century learners. This is the vision for our new Jonathan Stewart Library Media Centre: a place, yes, for the preservation of information, but more importantly a space for experimenting with ideas and for

unleashing the power of the amazing creativity and imagination of our exceptional staff and students. At the time of our groundbreaking in June 2011, we were still euphoric at having met our target of raising US\$700,000 to match the challenge amount of US\$350,000 set by our Visionary Donor, Hon, Gordon “Butch” Stewart OJ, to whom we are so very grateful. Since then, our euphoria has been tempered, however, by the need to focus on the second phase of our Campaign, which will raise funds for the furnishing and equipping of our “Laboratory of Ideas” as well as the renovation of the final junior lab, Chemistry, and the upgrade of the 6th Form Lab.

But our spirits are not dampened. Our zeal is renewed each day by the astounding giftedness of our students and the tremendous collective promise which Campion holds for this nation. We remain steadfast in the work of exercising good stewardship over our school, and equally steadfast in our faith that you, our friends and benefactors, will help us see this most worthy project to completion.

With best wishes and appreciation,

Grace Baston
October 2011

©Jacqueline Gamble

STUDENT ENROLLMENT

1st-5th Form	1146

Average class size: 33

TEACHER FACTS

Full-time teachers	75
Total staff (inclusive of admin & ancillary)	110
Master Teachers on staff	5

A great education is a gift. *Pass it on.*

Help give tomorrow’s students what Campion gave you and your family.

By supporting the Vision 2020 Campaign, you can help current and future students achieve an outstanding education.

There are a number of ways you can do this:

- Make a gift to Phase Two of the Campaign which will focus on completing the new library media centre and lab renovation project.
- Support a student in need through a scholarship or fee grant.
- Reward a teacher through the Teacher Excellence Fund.
- Work with us to develop your own project on campus.

The Vision 2020 Campaign is transforming Campion College, tangibly and intangibly, and providing our students with unmatched opportunities for growth. Be a Champion—join us today.

To learn more, visit www.campioncollege.com or email us at campiondevelopmentoffice@gmail.com. You can also call **Ashley Gambrell-Rousseau** at the **Office of Development & Alumni Affairs** at **876-822-6696/927-9555**.

CAMPION AT A GLANCE

STUDENT COSTS

Below is a breakdown of the basic cost to educate each Champion student. These figures do not address any Capital Projects of the school's development plan.

For each student, 2010-11:

Basic cost of education	J\$46,000
Portion paid by Government Subsidy	J\$10,500
Annual Auxiliary fee	J\$16,000
(Percentage of students who paid: 86%)	
St Edmund Trust Donation	J\$10,000
(Percentage of students who paid: 70%)	
Shortfall per student	J\$9,500
Budget shortfall	J\$21million

GIFTS 2010-11

Capital Campaign
Scholarships & Student Support
Teacher Excellence Fund*

J\$38,737,129

J\$2,077,301 (to June 2011)

J\$600,000

*Outside of requested student contribution of J\$10,000 each

Other

J\$72,500

Vision 2020 as at October 2011

Phase 1 Goal: US\$1,050,000

Total pledges, receipts & services for Vision 2020 = US\$1,171,434

Phase 2 Goal: US\$300,000

Phase 2 will address:

- The furnishing and equipping of the new Jonathan Stewart Library Media Centre
- Other priority projects of the school's development plan including: the renovation of the fourth junior science lab, Chemistry, and the upgrade of the 6th Form Lab.

I have no children at Champion yet I continue to give because I remain humbly grateful for what my teachers did for me: They lifted me from nothing and propelled me into an extraordinary life. And, I want to urge others to consider giving to the school. It is a thank you for a job well done. It is an encouragement for the staff to continue to give their best. If you believe that the school is truly doing a magnificent job, then say it. And say it by giving to the library, to the labs, to the teachers. Give money to the school—don't hamper them and their efforts. Let their work shine and flourish. If you don't believe they are doing a good job then by all means starve the effort. Don't give them a dime of your money. But if you believe in your heart that Champion helped you or your child, then you should now help to push the school along on its advancement mission.”

Nevada Powe (Class of 1981) who has been a longtime benefactor of the school and, in particular, the Teacher Excellence Fund that rewards teacher performance.

Kathryn Stewart is no stranger to Campion. A graduate of the Class of 1985, Head Girl 1986-7, and a Biology Teacher for over 20 years, Ms Stewart is also the Sixth Form Supervisor and faculty advisor for a number of co-curricular activities. Although she admits to it being initially “rather daunting” teaching alongside many of her own teachers, Ms Stewart quickly settled in at Campion and began her own tradition of producing outstanding results with her students every year. Here, Ms Stewart shares a few of her memories and delights of being both student and teacher at her beloved alma mater.

Kathryn Stewart with Head Girl Alecia Maragh and Head Boy David Young.

FACULTY SPOTLIGHT: Kathryn Stewart

What was your inspiration to be a teacher?

My inspiration came from several sources—many family members, including my mother were educators, and I was blessed to have had the positive influence of several of the finest teachers at Campion (people like Jean and Kippy Chin, Neville Smith, Cherry Neufville etc.), all of whom made me want to do for others what they had done for me. Making a meaningful contribution to Jamaica has been a strong motivating factor.

You’ve seen a lot of changes at Campion.

There are obvious changes such as the many infrastructural improvements that have taken place (and continue to do so). It’s a far cry from when the canteen was shared with goats that would wander in from off the street and graduation was held on the tennis courts! Another big change is the vast number of co-curriculars now available—that is a fantastic achievement and truly facilitates all-round development of the students who make full use of the opportunity.

You mentioned the infamous goats, what other memories can you share with us?

As a student—probably Ministry Outreach—cramming into the rusty minivan and going down to Eventide Home and Marigold Children’s Home. The spirit and energy of the tight-knit group was just incredible. As a teacher—the immense joy of seeing youngsters coming into their own and becoming people for others. Sharing in their successes—personal and academic—along the way has been a tremendous privilege. I also have many fond memories of school events over the years, and, of late, the Jamaica Cancer Society’s Relay for Life that Campionites have embraced wholeheartedly.

Tell us about your teaching style.

I never stop learning. I try to keep up with current research as it is a fairly fast-moving field. At the end of each academic year, I also try to do a “Teacher Survey” with my students (anonymously) and then

apply their honest feedback to my methodology. Our mantra is “we love biology”—this was a flame lit in fourth form by Mrs. Chin—and I strive to convey this passion to my students and employ different techniques in the classroom as best as I can.

What is your impression of today’s Campionites?

Campionites tend to have a pretty good focus on their goals and what they need to do in order to achieve them. I enjoy the fact that there are those who will challenge the teacher intellectually—a good debate is refreshing and keeps you on your toes—I often learn from them too. Most importantly, I am impressed by those who seek to develop the “whole person” rather than make excuses or take the easy way out.

Looking forward, what would you like to see happen at Campion?

I would like to see an upgraded sixth form lab—as is being done for the other labs (thankfully!). I would also like to see outreach activities strengthened and extended. A continued and even greater emphasis on the worth of each person, the need for values like a strong work-ethic, generosity and honesty, and the importance of teamwork and nation-building would be welcome. The initiative shown by students who worked with me on “Kick Butts Day”, an anti-tobacco event, and who drafted petitions and made representation in Parliament, is a quality that should be encouraged.

Finally, how does it feel to have influenced so many students?

The opportunity to influence so many other lives is humbling. It really is a great privilege to teach—that lesson comes home strongly at each graduation exercise.

Ms Stewart worked with students on “Kick Butts Day”, an anti-tobacco event—here, Principal Baston (left) and Ms Stewart with students after making representation in Parliament.

“

When my students go on to make a contribution to society—be it Jamaica or the wider world—that brings me great joy.”

PROFILE OF A CAMPIONITE

On both the CAPE and CSEC examinations, students of Campion College rank among the top performing students in the Caribbean region and, at the national level, the school has been awarded the Top CSEC and CAPE School trophies in nearly every year since its inception, inclusive of 2010.

CSEC 2010

95-100% pass rate
89% received Grade 1 or 2
Top 5 Performer Awards in Jamaica: 23
Top 10 Performer Awards in the Caribbean: 20

CAPE 2010

95-100% pass rate
71% received Grade 1 or 2
Top 5 Performer Awards in Jamaica: 70
Top 10 Performer Awards in the Caribbean: 48

AWARDS

- Campionites have been awarded 14 Rhodes Scholarships, more than any other high school in Jamaica in the last 50 years. In addition, for eight consecutive years (2003-10), the scholarship has been awarded to a graduate of Campion College. In 2010, Campionites David Walcott and Luke Foster won the Jamaican and Caribbean Scholarships, respectively.
- Each year our students win many of the coveted scholarships that are offered by the Government of Jamaica and the private sector including five out of seven Government Scholarships in 2010.
- In 2010, Campionites also received three of the Most Outstanding Performer Awards in the Caribbean: Sharlayne Waller (Natural Sciences), Andre Bascoe (Modern Languages) and Aston Hamilton (Information and Communication Technology).
- In addition, based on the 2010 CSEC and CAPE data from the Caribbean Examinations Council, Campion had more students placed in the listing of top ten performers in each subject than any other school not only in Jamaica, but also the Caribbean.

UNIVERSITY PLACEMENT

98% of Campion graduates matriculate to 4-year colleges or universities and 20-35% of these students choose to pursue tertiary level studies overseas. In 2011, Campionites were accepted to a host of universities, including:

IN THE U.S.: Amherst College, Babson College, Bates College, Boston University, Colgate University, Columbia University, Cornell University, Duke University, George Washington University, Johns Hopkins University, MIT, Mount Holyoke College, New York University, Northeastern University, Northwestern University, Princeton University, Spelman College, Stanford University, Tufts University, University of California, University of Michigan, University of Notre Dame, University of Pennsylvania, Vassar College, Villanova University, Wesleyan University, Yale.

IN CANADA: McMaster University, University of British Columbia, University of Guelph, University of Toronto, University of Waterloo, University of Western Ontario.

GROUND BREAKING of the Jonathan Stewart Library

Construction Begins on new Multimillion Media Centre

After over 15 years without a suitable library, Campion College has begun construction on a US\$700,000 (J\$60million) project to build Jamaica's first modern high school library media centre thanks to Hon. Gordon "Butch" Stewart, OJ, and his family. The Stewarts have donated US\$350,000 (J\$30million) to the project which will be named in honour of Mr. Stewart's late son, Jonathan, who graduated from Campion in 1983.

"It's an honour for us to be associated with such an impressive project especially as we mark the 30th anniversary of the Sandals Group," said Adam Stewart, CEO of Sandals Resorts International, who spoke on behalf of his family at the Groundbreaking Ceremony held on June 29, 2011. "Campion's influence on Jamaica cannot be overstated, and we believe our partnership will further serve to enrich the education of generations of students, who are destined to become leaders in years to come."

Chairman of the school's capital campaign, Andrew Mahfood reported that over 600 students, alumni, parents and corporate friends had made donations and pledges of cash and services totaling over US\$800,000 in addition to the Stewart's donation in Phase 1 of the Campaign. "The Stewarts' visionary gift to Campion has inspired many in our school community to demonstrate their own confidence in our school through tangible gifts and assistance with our Vision 2020 Campaign," said Mr. Mahfood. "We are truly humbled by the response to the Campaign and especially grateful to the Hon Gordon 'Butch' Stewart and his family for this opportunity."

Principal Grace Baston also commented that, "In only 50 years, Campion has been able to achieve great things and we give thanks for all our blessings including our strong Jesuit roots, many talented students, loyal and dedicated teachers, and a community of alumni and parents who believe in education's ability to transform lives."

In addition to the construction of the new library, Campion's Vision 2020 Campaign set out to renovate the school's science labs that had not been upgraded in 50 years. In January, the new DB&G Integrated Science Lab was opened and in September, The Hendrickson Family Physics Lab and The Avinash Potturi Biology Lab were also opened. Phase 2 of the Vision 2020 Campaign will now focus on raising funds for the furnishing and equipping of the new library as well as the renovation of the fourth junior lab, Chemistry, and the upgrade of the 6th form lab among other urgent projects.

1. Visionary Gift Donor, Hon Gordon "Butch" Stewart OJ (L), is welcomed to Campion by Chairman of the Vision 2020 Campaign, Andrew Mahfood, and Principal Baston.

2. Turning the soil are (L-R) Andrew Mahfood, Bobby Stewart, the Most Hon Andrew Holness, Hon Gordon "Butch" Stewart OJ, Archbishop Emeritus Donald Reece, Board Chairman, Rev Peter McIsaac, and head students in uniform.

3. Archbishop Emeritus Reece (L) greets Prime Minister Holness, while Opposition Spokesman on Education, Deacon Ronnie Thwaites, looks on.

4. CEO of Sandals Resorts and Campionite, Adam Stewart (far right), has the rapt attention of (L-R) Janette Stewart, Shelagh and Brian Jardim and Steven Hudson.

5. & 6. Alumnae (L-R) Victoria Meeks, Kim Issa and Pat Yap are proud parents of current students as are alumni Robert Richards (L) and Damien King (R). Campion board member Anton Thompson joins in the conversation at centre.

HONOUR ROLL OF DONORS

The Vision 2020 Campaign

We are very grateful to our alumni, parents and friends who have chosen to make gifts and pledges to the school's Vision 2020 Campaign since its launch in 2009. With these gifts, our donors will leave a legacy of generosity to education made tangible in the construction of our new modern library media centre and the renovation of our science labs, among other urgent projects, in coming years. In particular, we thank you, our donors for demonstrating your goodwill and confidence in Campion College during these challenging economic times. Thank you all.

The school would also like to recognise the team involved in this Campaign. Our success to date is due in large part to the enthusiasm and commitment of our volunteers—our Trustees, Campaign Chairman and Cabinet, Home School Association Executive and other alumni and parent volunteers. We offer sincere thanks for their leadership and dedication.

Great care was taken to ensure the accuracy of this list, please alert us to any errors or omissions. List inclusive of donations to the Vision 2020 Campaign (outside of Be-a-Champion Bricks) from July 1, 2009 to October 31, 2011.

CEO of Stocks and Securities, Mark Croskery, presents his company's donation of J\$250,000 to Principal Baston in March 2011. Mark, a member of the Class of 1998, took a walk down memory lane on a tour of the newly-renovated campus.

Campion's Home School Association has contributed J\$2million towards the Vision 2020 Campaign since 2009. Here, members of the executive (L-R) Suzanne Barton, Jefferine Stubbs Ruddock, Maureen Williams, Melissa Lowe, Paul Maragh, President Odette Dixon-Neath, Paula Chen-See, Campion Vice Principal & Dean of Studies Sheila Barrett, Michelle Henry, Sonja-Gai Rogers and Margot Jameson pose for our cameras with their donation for the 2010-11 academic year.

Campion parent and head of the Mayberry Foundation, Chris Berry, announced his organisation's donation of US\$25,000 at the November 2010 anniversary event to honour the 50 Jesuits who have served Campion since its inception. Witnessing the announcement is Campion Chairman, Rev Peter McIsaac SJ.

The kids at Campion College are many of the future leaders of our country; so I see my donation to the Campion College Vision 2020 Fund as an investment in the future of Jamaica."

Deborah Lanigan, Campionite 1976-8

OUR CHAMPION CHAMPIONS

Our Be-a-Champion specially engraved bricks continue to be a hit with our students and alumni with a total of over 465 bricks sold up to September 2011. A wonderful way to commemorate your own success as well as contribute to the Vision 2020 Campaign, the Be-a-Champion bricks will still be available for J\$7000/US\$80 each until June 30, 2012. Thank you to this year's "Champion Champions":

THE SUMMER OF CONSTRUCTION

Campion was abuzz with renovation projects in the summer of 2011 made possible through a combination of amazing donations, fruitful partnerships and good old sweat.

The Nurse's Station was expanded to include a separate office for Nurse and a rest area for boys only.

The canteen was expanded and a new seating area and satellite canteen was opened by PJ's Cuisine.

The four tennis courts on campus received an extensive facelift thanks to Russell Tennis Academy.

Great care was taken to ensure the accuracy of this list, please alert us to any errors or omissions.
List inclusive of buyers of bricks between October 1, 2010 and October 31, 2011.

Campion College alumni and business leaders, the Hendrickson Family, became Cornerstone Donors of the Vision 2020 Campaign in the summer of 2011 with their gift of US\$75,000 towards the extensive renovation and upgrade of the old junior physics lab, prep room and the neighboring science lecture room.

With some eleven members of the family having attended Campion, the Hendricksons are truly a "Campion family" and they came out in their numbers to officially open the lab named in their honour at the school on August 19, 2011. Recently, several members of the family weighed in on their Campion experiences and hopes for the future of the school, which has been made that much brighter by the addition of the new Hendrickson Family Physics Lab.

A Campion Family: (Left to right) Kevin Hendrickson (Class of 1975), Cathy Hendrickson Kerr (Campionite 1975-6), Lori-Ann Hendrickson Lyn (Sixth Form Class of 1972) and Craig "Butch" Hendrickson.

ALUMNI SPOTLIGHT:

The Hendrickson Family

What motivated your family to give such a transformative gift?

Kevin Hendrickson (Class of 1975): As a family, we have always recognized that for institutions to offer their students the best educational opportunities, there will always be a need for major investment in the actual physical infrastructure of these institutions. As students once ourselves, we were exposed not only to the rudiments of traditional core subjects, but were able to partake in numerous advanced courses and extra-curricular activities that led to a more rounded education. This enabled us to grow as more holistic people, and gave us the ability to follow varied career paths. We feel that any school that understands the need to develop students, to not just pass exams but to excel in life at the highest level, needs to be supported—and, especially by its alumni.

What do you see as the rewards of this gift?

Kevin: The main reward is a feeling of personal satisfaction as we invest in the future of this country, through the children who will benefit. It is our hope that in their receiving support for their educational pursuits, they will in turn—when also in a position to do so—feel compelled to assist in a similar way for the next generation, creating and sustaining a culture of philanthropy. We want other students to have the same life changing and educational opportunities that we have had.

How do you think Campion's founders, the Jesuits, have helped shape your life?

Lori Ann Lyn (Class of 1972): I attended Campion in Sixth Form, the second year only of Campion having gone co-ed (and only at the Sixth Form level). Like the Servite nuns who taught me throughout my formative years of preparatory to Fifth

Form, the Jesuit priests who taught me in Sixth Form were a most amazing gift of people: committed to God, given in service, dedicated to teaching, knowledge par excellence. We were so privileged to have been taught by them. From them I learnt much, but perhaps most enduring of all, my faith and a certain knowledge that I am nothing without Our Lord.

What stands out in your memory of your years at Campion?

Kate Hendrickson (Campionite 2000-2004): I know this sounds incredibly vague but the short answer is—everything. In my mind, what made Campion such a great place to go to school were the characters and personalities within that campus. Even the security dog (Zeeks) had a place in the Campion life. Memories from Campion stay with you forever—some of those memories turn into stories that you tell and retell while others, well, you simply leave those back in high school.

Tell us about a defining moment.

Melissa Hendrickson (Campionite 1999-2003): One of my most important life lessons, and one that I still refer to today, is humility. I have two wonderful and supportive parents, both of whom did everything possible to make me feel special. As a result, I entered Campion with an enormous ego. Unfortunately for my ego, I got detention the first week of school for being late for assembly. Detention at Campion does not just involve staying after school but some form of work, and that day's job was to pick up trash. I had never even taken out the garbage before, so to pick up trash as other students pointed and stared was mortifying. I realized that day that I had to follow the rules and work hard like everyone else. Campion was a great equalizer.

Why do you think Campion deserves

Back row (from left): Kiran Kerr, Melissa Hendrickson (Campionite 1999-2003), Rachel Hendrickson, Sarah Lyn, Laura Kerr (Campionite 1998-2001), Kristina Kerr (Class of 2001), Kate Hendrickson (Campionite 2000-4), Elizabeth Lyn-Marzouca (Campionite 1994-5) Middle row: Amanda Hendrickson, Amy Kerr Front row: Matthew Lyn (Class of 1997), Alexander Hendrickson (Campionite 2004-8), Craig Hendrickson (Campionite 1999-2001)

the attention of its alumni?

Laura Kerr (Campionite 1998-2001): As a Campionite, it is only when we are older do we look back and appreciate the privilege it has been to be among competitive, ambitious and aspiring youngsters creating the invaluable bond for networking and partnerships. At Campion, education, curiosity, personal character, commitment, motivation and shared learning experiences were the common languages among students and teachers, thus pushing socio-economic barriers into the background.

By investing in the physical learning spaces on campus, Campion can only better assist teachers in their delivery of a quality education. By continually raising its standard of education, it will continually produce excellent students who will be fully prepared to embrace challenges and realize their full potential. Campion will continue to be the hub of quality education with the ongoing support of its dedicated alumni. As we confidently commit to our alma mater, we do so with the knowledge that the present and future students will also prove to be committed alumni, continuing the tradition of building both school and nation.

PAY IT FORWARD

Finally, Modern Labs for Campion

As part of the first phase of Campion's ten-year Vision 2020 Campaign, the school set out to renovate the junior science labs that had not been upgraded in over 50 years. Thanks to the generosity of alumni and parent donors, three of the four junior labs have been completely renovated in less than one year. This extensive project included completely gutting and reconfiguring the existing lab spaces; custom building furniture and fittings suitable for lab usage; installing safety equipment; purchasing a wide array of apparatus and experiment equipment, as well as integrating technology tools in line with 21st century best practices. The students, teachers and wider school family are deeply grateful to all our donors who have allowed us to achieve so much in such a short time.

THE DB&G INTEGRATED SCIENCE LAB

Campionites (in photo above left, L-R) Chris Dehring, Senator Mark Golding and Peter Bunting, MP, gave US\$45,000 towards The DB&G Integrated Science Lab, which was opened on January 5, 2011 and renamed in honour of these entrepreneurs. In addition, we recognize the supporting donors of this lab: The Burgess Family, GraceKennedy Foundation, Dr Jeffrey Meeks, Peter Reid and Dr Michelle Foote. In the photo at right is (L-R) Dr Meeks, Chris Burgess and Catherine Kennedy and Caroline Mahfood of the GraceKennedy Foundation.

THE HENDRICKSON FAMILY PHYSICS LAB

The Hendrickson Family gave US\$75,000 towards The Hendrickson Family Physics Lab and Lecture Room, which was opened on August 19, 2011 and dedicated to the teachers "who have proudly served our school." Unveiling the plaque (photo above left) were siblings Kevin Hendrickson and Lori-Ann Lyn who were joined by members of their family including Alexander and Kate Hendrickson (at centre), while Mathew Lyn of the Class of 1997 gave the main address (photo above right).

THE AVINASH POTLURI BIOLOGY LAB

Past parents Dr and Mrs Devi Prasad V Potluri are the very generous project donors of The Avinash Potluri Biology Lab which is named in memory of their son Avinash, a graduate of the Class of 1992. This lab was opened on September 23, 2011 by Dr Potluri seen in the photos (above left) with students demonstrating the latest microscopes as well as (above right) with friends and fellow classmates of Avinash: (L-R) Anthony Coore, Professor Ronald Young, Daniel Coore and Rajeev Venugopal.

We also wish to thank the following donors for their valuable contributions to the Lab Project: Ex-o-Pest Ltd, Tradespan Cargo Ltd, Econocaribe Consolidators Inc, Gregory Worton & Jagon International Ltd, Denise and Neville Lyn-Fatt & Freight Handlers Ltd. Up next is the second phase of the Campaign which will focus on and the furnishing and equipping of the new library; the complete renovation of the last junior lab, chemistry; and the upgrade of the sixth form lab among other urgent projects.

HERE'S WHAT YOU CAN DO...

Here's your opportunity to "pay it forward" by investing in future Jamaican scientists through your gift to our lab project. While naming rights are available for Project Donors, we welcome any donation. We also have a long list of equipment needs should you be able to donate in kind.

O'DANIELLE O'SULLIVAN, 6/A
Avinash Potluri Scholar 2010

Favourite Subject: Mathematics. Math is a very exciting subject. I like to find solutions to problems. The feeling is great when you find the right answers.

Activities: Debating Society (Vice President), Octagon, Christian Living Community (Vice President), Sixth Form Association

Sport: Basketball. We made it to the semi-finals one year and I was awarded two free-shots. I made the first basket but missed the second one. Although we lost, I felt good that I gave Campion a point and the determination and persistence of the other players impressed me.

Greatest challenge: A challenge that I have overcome is achieving individuality. There are so many influential personalities within the school body but I became my own individual, contributing to the diversity of the school population.

Goal for this year: This being my last year at Campion, I want to make the most of it. I really hope to achieve all Ones in all my CAPE subjects. (O'Danielle is sitting a record six CAPE subjects this year.) I plan to put myself out there and make my mark.

Future Career: If it is God's will, I will become a pediatric neurologist/ cardiologist as well as a Mathematics and Chemistry teacher.

STUDENT SPOTLIGHT

We are proud that the heart of our school community is a diverse student body with different interests, ideas and perspectives.

JELANI MUNROE, 6/A
Head Boy 2011-12

Favourite Subject: Tough call! Well, at the moment Spanish. It's a fusion of all the elements of life of different peoples. You don't learn just words or numbers; you learn history and development as well as the expression of emotions in the context of interpersonal relations. ¡Me fascina mucho!

Activities: Past President of Debating Society, Immediate Past Lieutenant Governor for Key Club, Immediate Past President of the Student Council, United Nations Youth Association among others. A lot of my activities have been with me since first form so they feel synonymous with my experience here.

Sport: I play tennis, and did cricket back in the day. In my first tennis match there was a tie against St George's College. I was young and nervous at the prospect of new waters, but I won and it's been a reassurance ever since!

Best Memory: When I was elected Student Council President. I felt I grew with the Council and so the election was the fruition of my dedication and determination. I was happy to be able to help improve the Campion student experience.

Future Career: That's a question I'll have to leave to time, but whatever I choose will have a very far-reaching impact on Jamaica and the international community.

CAMPION SNAPSHOTS 2010-11

- National Chess Champions for 7 years in a row
- National Under 14 ISSA/Digicel Netball Champions
- Urban Under 16 (Boys) and Under 19 (Girls) Table Tennis Champions
- Winners of 1 silver and 19 gold medals at the 2011 JCDC Dance Competition
- Winner of the Actor Boy Award for Best Children's Theatre

- Winners of 1 gold and 2 silver medals at the Jamaica Mathematical Olympiad
- Winners of the SRC & NSWMA Essay Competitions
- Second place in the regional JPS Science Competition at the Tertiary Level
- Winners of the Key Club Annual Achievement, Gold Division Award

THE VISION 2020 STUDENT SUPPORT PROGRAMME

Providing Opportunities for all Students

For the second year in a row, the Vision 2020 Student Support Programme provided scholarships and financial support with books, uniforms and examination fees in the amount of J\$2million to some 50 students in the 2010-11 academic year. In addition, the school and parent donors supported a wider group of students throughout the year with lunch and transportation as well as through "The Breakfast Club," which is run by the Guidance Department in conjunction with the Home School Association, and is open to all students.

The Vision 2020 Student Support Programme is an ongoing initiative of the school developed in response to the incoming student population, of which 35% now come from primary schools. For many of these very bright students, the school community's ability to provide financial support is integral not only to their daily attendance, but to their success throughout high school.

Scholarships and the overall programme are administered by the Principal in conjunction with the Guidance Department and are both merit and need based, with the exception being the Avinash Potluri Scholarship which is awarded annually to the top CSEC performer.

Ways You Can Make a Difference...

- Sponsor a scholarship—named scholarships start at J\$50,000
- Volunteer as a mentor
- Donate food items or volunteer to assist with The Breakfast Club
- Make a donation to the programme of any amount or towards:

Combined Annual General Fee 2011-12	J\$28,500 (1-5th)
	J\$50,500 (6th)
Purchase of non-rental books	J\$20-40,000
Annual cost of bus transportation	J\$25,200
Annual cost of lunch	J\$54,000

For more information, email: campiondevelopmentoffice@gmail.com or contact the Office of Development & Alumni Affairs.

“ I am truly grateful for this award as it has helped greatly in easing the financial burden which my family currently bears, and I am also delighted that my academic excellence has been recognised.”

Scholarship awardee who was accepted to four US universities and awarded full scholarships to two upon graduation in 2010.

A BIG THANK YOU TO ALL OUR DONORS 2010-11!

MORE ANNIVERSARY CELEBRATIONS

Rounding out our year of anniversary activities in the 2010-11 academic year were events to celebrate our teachers and our Jesuit founders as well as the third in the series of alumni/student football and cricket match-ups.

Tribute to our Jesuit Founders, November 2010

Campion honoured the over 50 Jesuits who have served the school since its inception with a Mass of Thanksgiving at Sts Peter & Paul Church followed by a dinner and art auction at Knutsford Court Hotel. Campion Hall alum Paul Green (above left) presents a citation to Father Joseph MacWade, SJ, who along with Father Louis Grenier, SJ (above right), received special commendation for their commitment to the school in the presence of the many alumni from Campion and Campion Hall Prep.

Teachers' Long Service Awards, December 2010

29 Campion teachers were recognized for their years of service ranging from 10 to 36 years at a very special awards ceremony and dinner. Hosted by the Home School Association, the event was well attended by alumni and students who gave tributes in song and dance after which presentations of plaques and token gifts were made to the teachers.

Unwind Vybz III: Alumni Sports Day, April 2011

The Alumni Play Straight Team made a clean sweep this year beating the student teams in both football and cricket. A good time was had by all with Tanto Black and Bambino on stage, Jerry D arriving by limo, scrimmage competitions, extreme frisbee and of course lots of catching up with old friends.
